

DIVINE HEALING

INTRODUCTION

As a husband and a father, pregnancy is something I could do little about. I can make sure my wife is nurtured and cared for, and that she makes all of her appointments. I can remind my wife to take those vitamins daily. I can eat healthy along with her. But when the medical problems began with her pregnancy, I was helpless to physically do anything. I learned then to call on Jesus in a way I had never done before. God got us through that time. His healing wings overshadowed us.

Memory Verse: Psalm 103:3 Who forgiveth all thine iniquities; who healeth all thy diseases;

BIBLE LESSON

Life was given to us by God. He is the creator and sustainer of our souls. We, the people of God, have been promised blessings, including good health. Jesus showed that He loves us by taking the stripes of sin for us. Jesus demonstrated His love for men and women by healing them as He traveled. He gave those gifts to His Apostles, and to those that followed His way. **This lesson illustrates the power of divine healing.**

There is a healing for the righteous. Malachi 4:1-3, Exodus 15:21-27

The LORD can heal the heart. Psalms 147:1-11, Psalms 30:1-5

He will bless us altogether. Psalms 103:1-5, Deuteronomy 28:1-14
